(PRINT AND ORDERING INFORMATION)

## PRINT INFORMATION

### STANDARD AND GALLERY SERIES PRINTS

All standard and gallery series prints are produced on True Photographic paper. This is the same high quality paper that film-based photographs are printed on. Using Silver Halide Photo paper produces sharp and bright photographs that you will enjoy for a lifetime. Prints are available in either matte or glossy finish.

Prints can be ordered as "prints only" or matted and framed. Each framed print is ready to hang and consists of a double mat with a custom frame. Matting and frame colors are individually selected for each print.

Gallery Series prints are custom framed without a mat.

### CANVAS PRINTS

Fine Art Giclee (pronounced "gee-clay") printing is a highly sophisticated inkjet process that prints directly onto museum grade canvas, so that the prints will not separate over time. Images are produced with smooth tones and rich colors, making extraordinary prints that will last a lifetime. A protective UV coating is applied to the surface of all canvas prints to help prevent scratches and enhance color depth.

Canvas prints are available as canvas only, mounted on 3/16" gatorboard, or in a wrap style. Mounted canvas can then be framed to look like an actual painting without any glass in front of the print. Gallery wraps can have a 1" or 2" depth and are stretched around a wooden frame and stapled to the back where the staples can't be seen. These pieces are ready to display and have all hanging hardware attached.

## ORDERING INFORMATION

To order prints, please e-mail or call me (509-430-8851) with your order. List the name of the picture, and the desired size and print style. You will then be sent an invoice for your purchase to your email. You can either pay directly through the PayPal invoice with your debit/credit card or you can send a check. Please note that no orders will be processed until fully paid for.

Other print sizes are available by special order. Please contact me via e-mail before ordering for more information.

Be aware that not all prints will print nicely in all sizes, due to cropping and the image's aspect ratio. If that's all too much to deal with, that's okay... just tell me what you want and I'll do my best to make it happen.

Prints usually ship within 2 weeks of receipt of order. Framed prints usually take an additional 2 weeks for frame fitting and ordering.

Orders are insured when shipped, and actual shipping charges apply to all orders.

If you have any questions, please e-mail or call me at 509-430-8851.
